Reiki pronounced (Ray-key) is a light, hands-on healing touch for balancing the physical, mental, emotional and spiritual energies. Reiki treatments and attunements may help with stress reduction, de-stressing the central nervous system, emotional releasing and or balancing, pain management, increasing energy and overall balance. It does not interfere with any persons' religious beliefs because it is simply the universal love energy, which flows through each one of us. Reiki enhances a feeling of wholeness and well-being.
